

Get super-close with the magnifying glass

Use the magnifying glass to see the models up really close.

Look in the windows of the buildings

Look closely at the materials used

Find any bugs hiding in the buildings

See round corners with the periscope

Use the periscope to see over and around corners

Look over the castle walls in New Town

Peer around the corner of hedges

See the windmill on the hill from the path

See far, far away with the binoculars

Use the binoculars to see things that are far away

Can you see the fish in the lake?

Look at the village from the raised walkway

Can you spot your friends on the other side of the village?

## Observational Skills

**Suitable for EYFS**

This worksheet encourages children to look closer at the models and their surroundings. It helps them to recognise specific shapes, colours and textures.

By using the accompanying guide for supporting adults to promote discussion, children will appreciate that Bekonscot represents life in the past and how it differs to their lives today.

### Can you find .....?

How many of the following colours, shapes and textures can you find around Bekonscot?

### Can you find .....?

How many of the following colours, shapes and textures can you find around Bekonscot?

Prickly

Soft

Bouncy

Shiny

Wet

Smooth

Lumpy
